

Minutes of a Meeting of the Town Board of the Town of Riverhead, held in the Town Hall, Riverhead, New York, on Tuesday, October 5th, 1976, at 7:30 P.M.

Present:

Allen M. Smith, Supervisor
George G. Young, Councilman
Francis E. Menendez, Councilman
John Lombardi, Councilman
Jessie Tomlinson, Councilwoman

Also Present: Peter S. Danowski, Jr., Town Attorney
Alex E. Horton, Supt. of Highways

Supervisor Smith called the Meeting to Order at 7:30 P.M. and the Pledge of Allegiance was recited.

Councilman Menendez offered the following resolution which was seconded by Councilman Young.

BE IT RESOLVED, That the Minutes of the Meeting of the Town Board of the Town of Riverhead, held on September 21, 1976, be approved as submitted.

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

BOARD OF AUDIT

The Town Board convened as a Board of Audit and examined the following bills submitted on Abstracts dated October 5, 1976:

Special Districts	\$ 458.000	Highway Item No. 1	\$4,319.96
General Town	\$11,786.15	Highway Item No. 3	\$ 435.22
Federal Revenue Sharing	\$ 35.00	Highway Item No. 4	\$ 97.00
Town Hall Capital			\$550.00

Councilman Menendez offered the following resolution which was seconded by Councilman Young.

BE IT RESOLVED, That the following bills submitted on Abstracts dated October 5, 1976, be approved for payment:

Special Districts	\$ 458.00	Highway Item No. 1	\$4,319.96
General Town	\$11,786.15	Highway Item No. 3	\$ 435.22
Federal Revenue Sharing	\$ 35.00	Highway Item No. 4	\$ 97.00
Town Hall Capital			\$550.00

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

BUDGET

Town Clerk presented the tentative budget for the year 1977 to the Town Board. At this time, Supervisor Smith read the text of his budget message. The Tentative Budget shall be reviewed by the Town Board and when approved shall become the preliminary budget and a Public Hearing date on the Budget will be scheduled by the Board.

PETITION

Application of Harry Byron Stevens for Special Permit to operate a lumber yard and building supply business on premises located on Edwards Avenue, Calverton. The application was referred to the Planning Board for recommendation and report.

COMMUNICATIONS

Suffolk County Department of Planning, dated 9-28-76, advising of the adoption of amended Building Zone Ordinance section 85-238F-Town of Brookhaven, relating to site plan review and approval, and stating that if no resolution of objection is received by October 18, 1976, it will be assumed there are no objections.

Filed.

William H. Hannah, dated 10-3-76, stating that he has lived at 1203 Roanoke Ave. for 42 years and for the first time he has noticed rats around the place. He has caught five so far and the situation is a source of concern. He states that the opening of the restaurant and the Dunkin Doughnuts in the Harrows' Plaza attracts the rats. He states that he does not know what can be done but is sure that the Town should know about this.

Filed.

The Town Clerk informed the Board that she talked with Mrs. Hannah and advised her to contact the Suffolk County Department of Health on this matter.

State of New York, Public Service Commission, Public Notice relating to Case 27065 - Petition of the New York Distributor Exploration Group (N.Y.D.E.G.) for authority to conduct a gas exploration and development program and to fund such a program through a gas rate surcharge.

Filed.

COMMUNICATIONS - continued

Seventeen (17) communications, received 10-5-76, from Wading River residents, each reading as follows:

"I am in complete agreement with the statement made by Mrs. Hoff at the meeting of the Wading River Board of Fire Commissioners on 9-27-76, copy of which you have received. I urge you to do whatever you can to persuade the Board of Fire Commissioners to abandon the proposal presently contemplated and to obtain their cooperation in implementing the recommendations made by Mrs. Hoff. In this way, you will be helping the people of Wildwood and Wading River to acquire a good firematic facility and to maintain the characters of their community including the historic Wildwood "Upstreet Schoolhouse" Community Center. This would cost the taxpayers less money and would not jeopardize the safety of the winding North Wading River Road Area." Filed.

PERSONAL APPEARANCES

Supervisor Smith asked if anyone wished to speak and the following responded:

Marie Hoff read the text of a statement relating to the Wildwood Fire Substation and Recreation Center which she recited at the meeting of the Wading River Board of Fire Commissioners Meeting held on September 27, 1976.

The statement as rendered by Mrs. Hoff is filed in the office of the Town Clerk.

Irene Pendzick, Bicentennial Chairman, addressed the Board and handed out Town of Riverhead History Books to the Members of the Town Board and to the Town Clerk.

She stated that the price of the book is \$ 3.75 for 100 pages to anyone who is interested.

Supervisor Smith made a comment on the Riverhead Country Fair. "We also have up front for those of you who hopefully will be attending the Riverhead Country Fair which is this Sunday, October 10, 1976, a schedule of events, and displays that will be shown and I know that many of us will be there all day working to make the Riverhead Fair a success. I hope that those of you who are not working will show up and participate by enjoying what is being prepared for you."

Supervisor Smith then recessed the Meeting to hold a Public Hearing.

PUBLIC HEARING - 8:00 P.M.

The Town Clerk submitted affidavits of posting and publishing Public Notice calling Public Hearing on application of Carol Sowinski for a Special Permit for Non-Nuisance Industry in Aquebogue, said Public Hearing to be held on October 5, 1976 at 8:00 P. M.

The affidavits were ordered to be placed on file.

Supervisor Smith called on John Munzel, Esq. and he addressed the Board and stated:

"I appear for Carol Sowinski. This is a simple application for a Special Permit for a Non-Nuisance Industry basically to renovate some property up on Hubbard's Avenue the intersection of Hubbard Avenue and Edgar Avenue. As you know there are some dilapidated buildings there. Mrs. Sowinski is under a contract to purchase that. She wishes to utilize the property or her and

PUBLIC HEARING - continued

her husband wish to utilize the property as well as refrigeration. Basically there's not going to be any exterior changes to the property other than some cosmetic changes as set forth in the application. Also there is more than ample parking provided under the terms of the ordinance. I don't think it's anything but an improvement to the area. I'll be as brief as possible because I know you have a lot of business today."

Supervisor Smith: "Mr. Munzel, no outside storage?"

Mr. Munzel: "No outside storage, no."

Supervisor Smith asked if anyone wished to be heard on this matter.

No one wishing to be heard and no communications having been received thereto, Supervisor Smith declared the Hearing closed at 8:03 P.M. and reopened the Meeting.

PERSONAL APPEARANCES - continued

Walter Witt stated that Police Department salaries should not be compared with the Water Department and Highway Department. All other departments can postpone their work from day to day. The Police Department cannot.

Mr. Witt also talked on Police Department services and compensation and objected to the proposed lay off of Police Officers.

Supervisor Smith replied to Mr. Witt saying: "May I explain, Mr. Witt, that what has been submitted is the budget officer's estimates and what is outlined is as is outlined in the budget officer's message. Between now and the 3rd of November when the actual budget hearing will occur you may continue to circulate your petitions and if you can get the taxpayers to say that they are willing to pay these sums, I'm sure that it will be listened to by the Town Board.

I hope that what you are saying is in fact what is presented in the budget, which is that the five officers who now sit behind the desk at the police station with their guns on will be replaced by five civilians. Five for five and what is contemplated is that the additional five officers - #6 through 10 on the Civil Service list will be tied to the continuation of federal revenue sharing.

Now if that funding is continued, they remain on duty. And if what you are petitioning for and what you are asking for is the continuance of these ten officers, next year without doubt as of the adoption of the budget which must occur before November 20th, the figure is approximately \$200,000 (two hundred thousand dollars). It's about \$190,000 (one hundred and ninety thousand dollars) over the budget figure we have today and if the taxpayers express their willingness that this Board should levy that kind of money, it will be included in the budget and it will be levied."

Walter Witt added further: "I would say including what you just went over without the Police Department we wouldn't have these benefits from all other departments because I believe a lot of people would just call it quits. I know I'd be the first one to move."

Councilwoman Tomlinson asked if Mr. Witt's son was a policeman.

Walter Witt: "Well I see, I thought this was going to be a low punch which I wasn't going to mention. This is why I mentioned when I started my conversation, I was here eight and a half years ago because my son was in Vietnam carrying a rifle protecting Mrs. Tomlinson and myself and each and everyone in this room. I spoke for the policemen before and I'm here to speak for the policemen tonight.

Councilwoman Tomlinson: added she had nothing but sympathy for his proposal that evening. She talked about how she thought her son was underpaid when he worked for the A & P.

Walter Witt: "A policeman has to battle knives and weapons and let me tell you one other thing before I close. Let me explain one thing. I'm on the roads quite a bit. If you take a policeman today that could have - I will use the word guts, to stop an automobile at one, two, three, or four in the morning with two or three occupants in it, I say pal you need a couch, even if you are a cop because if I was a policeman I wouldn't stop believe me, because I want to get home to my family. But there's plenty of boys here that stop them and we know it. They wait for a back-up team where he's about nine miles away."

Supervisor Smith: "The object of listening to everybody is for you to convince this Board to vote that additional money. Either cheering, or shouting or booing one person or another isn't going to make that point."

John Sheppard, Treasurer of Wading River Chamber of Commerce. "I don't condemn the Police Department for this. I think they do a wonderful job for the number of men they have and I'll tell you that every time my telephone rings at night I worry and shiver. I've been held up with a gun twice in the last year and a half. My wife was held up by an armed thief. I was held up last March by an armed thief with a gun. Now I don't blame the Police Department because of the fact you must remember we have one car covering the entire Town of Wading River, goes into Baiting Hollow goes into Manorville, goes into Calverton. You can't blame the man, he might be out on another complaint or a family quarrel or something like that. You can't blame the Police Department. I'm a summer resident and all year round for twenty years at Wading River and we've had the same. Our population has increased about seven times to ten times and we have the same police protection. I had the members of the Board and Mr. Young was there at the meeting when I brought this up four years ago and we were promised more police protection. What happened? We didn't get any police protection - all we got were promises and I wish you members of the Board would realize that Wading River is on the map and we need more Police Protection."

Supervisor Smith recessed the meeting to hold a Public Hearing.

PUBLIC HEARING - 8:15 P.M.

The Town Clerk submitted affidavits of posting and publishing Public Notice calling Public Hearing on application of Donald Fioto for a Special Permit for Gas Station and Repair Shop, said Public Hearing to be held October 5th, 1976 at 8:15 P.M.

The affidavits were ordered to be placed on file.

PUBLIC HEARING-continued

Mr. Munzel: "I feel like I'm sandwiched in between I don't know what. This is the application for Donald Fioto for a Special Permit to operate a gas station at the premises on the corner of Marcy Avenue and West Main Street. As you well know, that's a gas station that has been there at least for thirty-five years. It ceased operations approximately a year and a half ago-so it no longer comes in under the non-conforming use provision of the ordinance. Immediately to the east of the property is Medford Transmissions. Immediately to the north of the property are the oil storage tanks of Gulf and to the west of the property opposite Marcy Avenue is the Post Office Annex and on the south of the property are some houses that front on the river that have been changed to commercial use.

The nature of the application I think is mainly one for the more technical aspects of the ordinance if I put it that way rather than a change of use because its been used for that for thirty-five years. The curb cuts are in, the building is there and it's just gradually going into disrepair and Mr. Fioto wants to get in there and continue operating it. Any questions?"

Supervisor Smith: "We have several, John. Again with reference to this particular application, any outside storage?"

Mr. Munzel: "There may be an occasional. It's a two-bay gas station. If there are three cars waiting to be serviced, there may be one outside temporarily, but that would be about it."

Supervisor Smith: "Under the new provisions of our Special Permit, would there be any problem with a stipulation in condition of your permit that not more than two or three vehicles be stored outside overnight for a period of time, be it two days, three days, or four days?"

Mr. Munzel: "That's no problem either."

Supervisor Smith: "There may be some provisions that Mr. Grodski (former Councilman Grodski in audience) remembers better than any of us with reference to the proximity of one gas station to another. Do you choose to tell us about that and distinguishing problems with reference to that particular problem?"

Mr. Munzel: "There is a fairly new gas station within the last couple of years-the Scott gas station to the west of the property. I believe there's the Annex and may be another small parcel and then the Scott gas station. But this one has been in existence for so long I think it can only be an improvement on the land. I don't think the land is really useful for anything else particularly when you've got those huge oil storage tanks immediately abutting the property on the north, so I really don't see why this is in contract with the intent of the ordinance at all."

Supervisor Smith: "Is there anyone else that chooses to address the Board with reference to this particular Special Permit Application?"

Unidentified man in audience asked if Hank Fioto formerly owned this gas station.

Mr. Munzel: "No. Excuse me, I believe Mr. Fioto was operating in conjunction with his father-the station opposite the old Perkins Hotel."

PUBLIC HEARING-continued

Supervisor Smith: "But not this station? Anybody else that chooses to address a question, make a statement?"

Mr. Munzel has consented on behalf of his client and we'll ask Mr. Fioto to consent on the record that a stipulation of the permit if it's granted-I'm not saying it's going to be granted because we haven't listened to everybody. What are you saying sir? Are you say..."

Unidentified man in audience (Inaudible).

Supervisor Smith: "That's what we're all concerned about. I didn't like the other operation much either, John."

Mr. Munzel: "We have no objections to a stipulation of that nature. Two or three vehicles outside at night. The only problem we have it's a two-bay operation and it may be that you have three or four cars waiting to be serviced. Two would be inside and two might be outside and that would be the extent of it. It's primarily a gas station."

Supervisor Smith: "Mr. Fioto, you've heard the stipulation of your lawyer that not more than two vehicles would be stored overnight outside of this gas station and we add the provisal that they wouldn't if stored outside they would remain more than a week. Is that acceptable?"

Michael Giordano: "On that station, is he going to run pumps? You're going to have a problem parking cars because there's no room there. If you put pumps up and you pull two cars in there, there's no room but on the side and that station is not big enough if you're going to put two or three cars out there."

Mr. Munzel: "You gentlemen have, I believe a copy of this survey and I'll show a copy of the survey to those persons in the audience. The West Main Street is here, Marcy Avenue is on this side, the pumps are here in front. You have adequate parking here and there is the whole area in the back which is not going to be used, it's not intended to be used. It's there so you do have ample area for two or three vehicles."

Supervisor Smith: "Would you describe the dimensions in the back for instance?"

Mr. Munzel: "They're not specifically marked, but I would say you've got at least fifty feet from the back of the building to the rear corner of the property. The narrowest portion is probably forty feet from the corner to the concrete wall separating this parcel from the Riverhead Oil Products."

No one else wishing to be heard and no communciations haveing been received thereto, Supervisor Smith declared the Hearing closed at 8:21 P.M. and re-opened the Meeting.

PERSONAL APPEARANCES-continued

William Nohejl: Wading River, "You say that five policemen sitting behind the desk can be replaced with..."

PERSONAL APPEARANCES-continued

Supervisor Smith: "You're asking then Mr. Nohejl as Mr. Sheppard did for an additional police officer and as long as we all understand what that police officer costs to the taxpayer it should be considered. "

Mr. Nohejl: "I feel as though this place is incomplete. Mr. Munzel had no place to put his papers, I come up here-no place to put my papers. I feel as though there should be a podium here with a light as a courtesy to people addressing the Board."

Maribeth Andresen, Church Lane, Aquebogue read a statement relating to the reduction of speed limit on Church Lane, Aquebogue.

She stated that she talked with Mr. Leo of the Transportation Department and he told her that their presentation of a "single road speed reduction" had to be based upon homes and individual road frontages per mileage of the road.

A single reduction could not be applied for because portions of Church Lane, still agricultural, and have large tracts of road frontage with no home and some homes have more than 100' (one hundred foot) frontage.

Mr. Leo suggested that the Town could apply for an area speed limit for more congested parts of the road as long as the Town would supply more than four roads that needed a lowered speed limit in parts.

Mr. Leo further suggested that the Town mark these roads with signs denoting problem areas, such as curves, forks, intersections, flooding, etc.

Mr. Leo said that Church Lane in particular was in poor shape in relation to grading, lack of easements, shoulders, no clear marking of the road, etc., and felt that the Riverhead Highway Department should attend to some of these problems.

Mr. Leo felt that if the Town would supply him with a listing of four or more roads needing area speed limits of MPH, and the Town Highway Department would do some further work within the needed signs, etc., he would conduct another investigation of the roads needing the speed reduction.

Mrs. Andresen presented the aforesaid report to the Town Board and Highway Department for further action in this matter.

Supervisor Smith: "We'll see if we can get in touch with this gentleman and work up the necessary data for a second request."

Supervisor Smith recessed the Meeting to hold a Public Hearing.

PUBLIC HEARING - 8:30 P.M.

The Town Clerk submitted affidavits of posting and publishing Public Notice calling Public Hearing for October 5th, 1976 at 8:30 P.M. on estimate of anticipated revenues and expenses in assessment rolls for 1977 of the Riverhead Sewer District, also the Riverhead Water District, Lighting District, Public Parking District #1, Herod Point Road Improvement District, Northville Homes Improvement District, and Terminal Park Improvement District.

Supervisor Smith asked, "Does anyone choose to address the Town Board in reference to the proposed budgets?"

No one wishing to be heard and no communications having been received thereto, Supervisor Smith closed the Hearing at 8:31 and re-opened the Meeting.

PERSONAL APPEARANCES- continued

Carl Franz: Elizabeth Drive, Wading River, read a statement requesting the Town Board to consider six facts prior to agreeing to a lease or contract arrangement with the Wading River Fire District proposal of a substation/public assembly area:

1. Safety Factors involved in having a public assembly area within the same facilities of a fire substation.
2. The design of a public assembly building that does not provide facilities for the handicapped.
3. A Board of Fire Commissioners can deny public use of building due to interference with firematic activity.
4. Public assembly area construction costs of approximately \$200,000 could be applied to purchase of needed equipment.
5. Magnitude of operational expenses, including specifications for reducing operational costs not disclosed.
6. Apportionment of Fire District tax for total construction costs of approximately \$620,000 was not disclosed.

Expressed opinion that shared facilities cannot be accomplished between a public assembly area and a fire substation. These facilities could be provided in a way to reduce total costs to another facility of public taxation and the needs of all the people should be administered without jeopardizing public safety.

Supervisor Smith: "Your primary relief with reference to the Board of Fire Commissioners at this juncture rests with reference to the referendum which is now pending is it - or you're petitioning?"

Mr. Franz: "~~Statements~~ have been made by the Board of Fire Commissioners when this public referendum is to take place other than the month of October."

Supervisor Smith: "The statement I made earlier that they needn't observe the zoning regulations, I think exemplifies that they do have powers that are more than the Town Board. I again recognize your concern. We realize that we are involved because we are lessee of their current facility or we were until our lease expired and that's why we listen to you and we take what you say into mind - but should they thumb their nose at us, we have certain difficulties with interfering with what they do."

Mr. Franz: "The problem was that this arrangement or this proposal was made to the public or made public knowledge under the guise that the lease agreement was already contracted with the Town."

Supervisor Smith: "We had a proposed lease which in June was forwarded to the Attorney for the Fire District. We had assumed that there were no changes contemplated by the Fire District in the proposed lease and we publicized the requisite notice for the execution of a contract very similar to the one that existed for the past ten years. In fact, the contract reviewing our records has not been signed and we are now told by the Attorney for the Fire District that a lease similar to the one we had is not acceptable. So the techniques of the thing are such that even if they pass the referendum and it is in part conditioned upon the Town operating or leasing the proposed second floor facility again, the lease will be the subject of discussion here and will be the subject of a Notice that it may be challenged."

PERSONAL APPEARANCES-continued

Mr. Normandin, Jamesport, Herricks Lane; "I'd like to address myself to the question cut-back or proposed cut-back in police services in the Town of Riverhead. You made a statement of \$190,000 in police salaries for these five additional/ten additional men we are talking about. The civilians that would replace these police officers would they be salaried - I believe also and in what amount?"

Supervisor Smith: "The figure that I give you of \$190,000 is discounted in actual amount by a projected figure of approximately lets say between \$40,000 or \$50,000 for the salaries of the five officers. Five dispatchers that would take the place of the five officers who are currently employed."

Mr. Normandin: "You mean that these police officers as they're employed now are receiving \$190,000 plus the salary that would be received by the dispatchers at this present time? Now do you also mention the fact that several detectives under your program would probably have to return to civilian clothes and you would have to resort to Seventh Squad Detectives?"

Supervisor Smith: "Not in the initial contemplation. There is in the budget the cost analysis for officers Nos. 6 through 10. It does not show as such if you refer to the Federal Revenue Sharing portion of the budget and without looking at it is approximately \$133,000. That is the cost for those five officers. In that salary figure or cost figure is tied to what's called entitlement at this time. If it were not to come, if Federal Revenue Sharing was killed, either by the President or the Congress and we were faced with the fact that that money was not coming to pay salaries, then that is when we say that it would be necessary for the four officers who are currently in plain clothes, a duty sergeant and three patrol men to be returned to uniform duty."

Mr. Franz: "That means you're talking about if they return to uniform duty of like \$12,000 a year or something. I believe that if you put them back in uniform, they would still remain sergeant and patrol men drawing that salary, but they would not be drawing a \$300 a year clothing allowance. So you're talking \$2,000 - But then they would be picking up certain services for uniform cleaning and such. That again would reduce that figure so you're talking about a hand full of pennies. As far as bringing them back and then again, you'd have to turn around and subcontract from the County Seventh Squad Services which again would probably bring you substantially more expenses."

Supervisor Smith: "We currently pay for it."

Mr. Franz: "You pay for it anyway even though we have our own detectives? The problem of dispatchers. Isn't that also available as a subcontract service elsewhere in the county?"

Supervisor Smith: "I don't know the answer to that at the moment, I do know that in our joining town, there are civilians who would act as dispatchers."

Mr. Franz: "I do believe that the sheriff's office handles radio communications for a good portion of the eastern towns except Riverhead, Southold, Quogue, and some of the incorporated villages will use that, so that radio service would be available at very little additional costs and possibly money saved could be used to retain the five police officers we already have on the payroll."

PERSONAL APPEARANCES-continued

Supervisor Smith: "Our projected course for the newest patrol man on the force on the fact finders report and his anniversary dates for next year is in excess of \$20,000."

Mr. Franz: "For that individual?"

Supervisor Smith: "For that individual: It goes up from there."

Mr. Franz: "What would it cost to replace him with a civilian dispatcher?"

Supervisor Smith: "We figure for those five men, replacement cost would probably be around \$10,000."

Mr. Franz: "So you're talking like half the price."

Supervisor Smith: "Yes sir, for one man."

Mr. Franz: "Then you would have to train them. It's a Civil Service tested position I assume? And the services I do believe are available from the Sheriff?"

Supervisor Smith: "I get your point, but to some degree you're getting counter productive. You're saying that we would lay off five men and use the Sheriff's service."

Mr. Franz: "Well we were talking about what these other gentlemen have brought up that the crime situation in certain areas of Riverhead Town and not only Wading River is increasing."

Supervisor Smith: "So you want the five officers retrained and put out on the street. There is a possibility of retaining the five officers as policemen these five, the bottom five. Your difference figure is about \$60,000. But if you still want the Nos. 6 through 10 you're talking about the second figure that is currently indicated as a Federal Revenue Sharing figure of \$133,000."

Mr. Franz: "It's cheaper at twice the price."

Supervisor Smith: "You're going to get your petitions and you're going to convince us to add that money into the budget that's what your purpose is here tonight and if you do that's what will happen."

Mr. Franz: "Well no sir, I didn't come here for that in particular, but it did arouse my interest once I did arrive."

Marie Bruchz: "What I have to say is very, very brief on the question of whether or not to let the bottom five policemen go and I feel as a citizen and as a taxpayer that we've come to expect a very high standard from our police and very quick response in times of emergency."

As a taxpayer, I also do not want to see the taxes go up but I might suggest that perhaps in some other areas we might have some volunteers come forward and use them. For instance, our recreation department - I'd much rather miss a couple of ball games and have the police there if one of my family were in an automobile accident or injured.

Just as a matter of record, I have no member of my family on the police department, in the Seventh Squad, in the State Police, in this state or any other."

Supervisor Smith recessed the meeting to hold a Public Hearing.

PUBLIC HEARING - 8:45 P.M.

The Town Clerk submitted affidavits of posting and publishing Public Notice calling Public Hearing for October 5th, 1976 at 8:45 P.M. to consider the proposed contract between the Town Board of the Town of Riverhead as the governing body of the Aquebogue Fire Protection District, of the Roanoke Fire Protection District and of the Calverton Fire Protection District, and the Board of Fire Commissioners of the Riverhead Fire District. The proposed contract for one year - 1977 and the amount to be charged to each district.

Fire Protection Aquebogue	\$ 21,960
Fire Protection Roanoke	\$ 13,640
Fire Protection Calverton	\$ 14,400
Total	\$ 50,000

The affidavits were ordered to be placed on file.

Supervisor Smith stated: "Does anyone choose to address the Board with reference to this particular contract for the provision of Fire Protection Services in those three protection areas by the Riverhead Fire Department."

No one wishing to speak and no communications having been received thereto, Supervisor Smith declared the Hearing closed at 8:40 P.M. and reopened the Meeting.

PERSONAL APPEARANCES-continued

Michael Giordano, Daly Drive, Riverhead: "On the police cut when you cut the police, what services will we be losing?"

Supervisor Smith: "With the proposal that the five uniform officers that are currently acting as dispatchers are replaced by civilians and the next five officers are tied to the Federal Revenue Sharing monies the net effect will not change."

Mr. Giordano: "In reference to the five policemen that are being laid off, fired, whatever, two of them are qualified ambulance attendents. The state law says we have to have a qualified ambulance attendant in our ambulance when we're using it. We only have two more - qualified. We will lose our ambulance. We have a free ambulance that we're going to lose. The ambulance is donated. What does one life cost?"

Supervisor Smith: "We have multiple duties that we perform here on this Town Board and we concern ourselves with the proper budget and planning for the future and we lay forth plans and if the police officers can convince the public of the merit of their position, that these additional monies should be included in the budget, the Town Board will include the money in the budget. We have a situation in town, which I'm sure you're very familiar with. We've got \$ 300,000 plus coming off the tax rolls for farm land dedications. We have no construction coming that's going to take up that tax burden, etc. And there's a cost of about \$190,000."

Mr. Giordano: "I don't think the cost is that important with the crime rate the way it's rising in the Town of Riverhead. With the amount of robberies that we have at night, the police are running all over trying to do their best with what they have. The crime rate has gone up and the police have not kept up with our population growth. I think with my family I'd rather have more police and a little less money in my pocket and have my family."

PERSONAL APPEARANCES-continued

Lee Moorhead, Main Road, Aquebogue, New York: "I'd like to clarify first that I'm neither the wife, the mother, nor the child of a police officer here in this State or in any other state here in the United States. I'm here as a citizen of Riverhead. I'm here to address you because I feel you're going all off when you talk about this \$ 190,000.

In the first place, in February, you're going to have one man retiring. By the end of the year, you've got another eight men that are going to be retiring or leaving the department. You've already got the money there to pay for these five men.

Secondly, you refuse to bring up the referendum on this "Las Vegas Nights" that's been brought up in many, many other cities on Long Island. The money could be forth coming from "Las Vegas Nights" to pay for these men. You also fail to bring up the idea that there is a CETA Program. CETA Program pays for people to come in and sit at these desks and do this civilian labor so you can release these five men to Wading River and Manorville and the other sections of Riverhead where they are sorely needed. I was burglarized three times in the first month that I moved into my home. And there wasn't one time that the police weren't there in less than five minutes. And that's because I live really in the heart of town and if I lived out of town in Manorville or Wading River, God only knows what would have happened to me by the time they would have gotten there.

I'd like to read off a little of the statistics that I've gathered together from January to August of this year. There has been an average of 55 arrests per month and an average of 208 summonses given out per month. Where's the money for the summonses going? Prisoners detained in lock-ups, 37 average per month, ambulance service per month, 30, door checks in the business area, 40 average a month and they find 10 open per month. Grand larceny per month, 12, burglaries per month, 35, petty larceny, 50, foot patrols, 2,229, so far this year till August, in sector patrols, 4,773 until August. They haven't been done by phantoms. They've been done by real live police men that we've got sitting here in this audience.

Property recovered by Police action January \$ 1,036, February \$ 6,079, March \$ 11,177, April \$ 6,880, May \$ 12,820, June \$ 6,621, July \$ 92,599, August \$ 20,984, \$ 190,000 is a very small amount of money to have to pay, when you stop and think about it. If we don't have these policemen, we could be dead and then all the money in the world wouldn't mean a damn thing to us. I'd rather pay that money and have these men stay on duty. And you can apply to CETA for civilian help if you want it. Put these men out on the road where they're needed."

Supervisor Smith stated: "The Ceta entitlement periods are currently closed, but if it re-opens, it is a possibility that what you suggest might be done. Again, money will have to be included. It is not currently included in the Budget to pay these men their salaries.

With reference to the gentlemen that may or may not retire, I've included in the Budget that is proposed, \$ 25,000, as a fund, that has not currently existed in any of the Budgets that I have inherited, a sum of \$ 25,000 as termination pay for any of the officers who may retire under the contract that currently exists, should the eight officers that you mentioned retire their severance pay would amount to \$ 84,785.80. Salaries, quite frankly, Ma'am if there were a savings and we did not replace the detectives, etc., would probably have to be used to reach that \$ 84,000 figure."

PERSONAL APPEARANCES-continued

Supervisor Smith then spoke of the receipts for Bingo projected for next year, the possible receipts from "Las Vegas Nights", and the increasing difficulty of enforcing the latter, and mentioned fees for the Justice Court.

Miss Moorhead stated that what she was trying to point out, was that for the amount of work these fellows do, it should be obvious that every one of them is needed on the force.

She then spoke of 2,000 petitions that were signed that day, in favor of the five police men, and stated that every one who signed, said "To hell, with the taxes, we need these men."

Paul Meyer commended the Town Board members for refusing a raise.

He then asked if there was any way that he could find out if the Police Department was running efficiently, 100%, and if it could still do so, after letting the five men go.

He then asked if the tow truck part of the Police Department was working efficiently.

Supervisor Smith replied saying that at this point, the Board had not dealt with personalities and felt any discussion aired in that respect, would serve no useful purpose.

Short discussion followed.

Robert Pekar Calverton, spoke on the proposed National Cemetery in Calverton and stated he was confused, regarding the landsite.

Supervisor Smith stated that the areas being proposed are totally within the fence. (within the Grumman confines).

Mr. Pekar then asked what benefits would be derived from this Cemetery, as far as the Town was concerned.

Supervisor Smith stated that Pinelawn is reaching its capacity, and all things being equal, we need the land for a National Cemetery.

Mr. Pekar asked again what the Town would get out of it.

Supervisor Smith stated that there were no tax benefits from the property, as such, but there was a very old lawsuit pending, which might give the Town something, regarding the Grumman buildings.

Short discussion followed.

Supervisor Smith then recessed the Meeting for 5 minutes.

Supervisor Smith reconvened the Meeting and continued with personal appearances.

PERSONAL APPEARANCES-continued

Barbara Gallo, Aquebogue, (barely audible) asked if there would be any lay-offs in any other Town Departments next year.

PERSONAL APPEARANCES-continued

Supervisor Smith stated that with the way the Budget is anticipated, the lay-offs, as such, were just limited to the Police Department.

He then spoke of the rates of pay for the Civil Service Employees and the overtime for snow removal operations versus the rates charged by private contracting.

Barbara Gallo then talked about the promptness of the police and the comforting feeling that an ambulance and help was nearby.

Walter Witt spoke in reference to Mr. Meyer's remarks about the efficiency of the Police Department and suggested he ride in a Police Car at 4:00 A.M., during the summer months, when the cops have to break up rowdy beer parties on the beach, etc., when there are 20 against one cop.

He then spoke of the tow truck operation and stated that it was working beautifully, the people were thrilled at the results and he wished they had it at Wading River.

Bill Rowe, Baiting Hollow, stated that all the talk had been about laying-off five men, but he had the idea that the true picture of the Board's actions, involved abolishing five positions and then laying-off five more men and asked if his assumption was correct.

Supervisor Smith stated that the possibility exists.

Mr. Rowe then asked what it would cost the Town to replace and retrain these men, if the need should arise in the future.

Supervisor Smith spoke of the Fact Finder's Report and several other factors that would be involved regarding costs in this matter.

Discussion followed.

Tom Gallo asked about the five men being laid off and further, what would happen to a civilian on the desk, if there should be trouble downtown and in the Police Station.

Supervisor Smith stated that the Budget allows \$ 25,000 for redesign of the front entry and for extra protection for employees, civil or otherwise.

Bob Worthington (inaudible).

Supervisor Smith stated that earlier in the year the licensing fees for pistol permits had been amended but now it has been pointed out that the fee, as amended, is not legal.

Mr. Worthington then read the rules on pistol permit applications from Section 400 of the Penal Law.

He then stated that if any fee was going to be imposed according to the Penal Law, it could not be more than \$ 5.00 nor less than \$ 3.00.

Supervisor Smith stated that he felt the original fee of \$ 10.00 was reasonable when put into effect, and still felt that it was reasonable.

Short discussion followed.

PERSONAL APPEARANCES - continued:

Mr. Normandin, Jamesport, spoke about the County using our Sewer System and dumping their (censored) in our laps and proceeded to cite a section of the Law re Administrative Fees, Section 13, naming the County as the payee, not the Town or its residents for both the sewer situation and the pistol fees.

He went on at length, reading and citing several sections of the Law re fees.

Miss Moorhead complained about the lack of figuring done on the Budget regarding the cost to the taxpayers per \$1,000.00, to keep those five policemen. She stated that all the information should have been gathered and prepared for this meeting.

Supervisor Smith stated that the Budget Hearing was set for November 3rd and it wasn't imperative that the information be handed out before that time.

George Schmelzer spoke about the use of the 911 emergency police number and asked if there was a way that these calls, if they came from Southampton or Brookhaven area (still 727 phone exchange) could be switched to the proper police stations.

Lt. Robinson stated that he didn't know.

Supervisor Smith stated that it would be looked into.

Joseph Lockman, Wading River, stated that he felt sympathy for both the Town Board and the Police Department supporters. He then asked if there were alternate steps that could be taken to ease the burden.

Supervisor Smith stated that there were, but there again, money would have to be added to the Budget to make them effective. He then spoke of Sergeant Harris' possible retirement and other steps that might be followed.

Michael Giordano spoke about the two CETA employees operating the tow truck and impound area.

Supervisor Smith explained the need for the operation and how it worked.

Short discussion followed.

RESOLUTIONS

Councilman Menendez offered the following resolution which was seconded by Councilman Young.

RESOLVED, That Victoria L. Vourakis, he and she hereby is hired as Stenographer for the Town Clerk's Office, from Suffolk County Civil Service List, dated August 27, 1976, to be compensated at an annual salary of Seven Thousand One Hundred and Twenty-eight and 00/100 (\$7,128.00) Dollars, for a probationary period of eight (8) weeks, to be automatically renewed hereby to a probationary period of six (6) months, effective September 27, 1976.

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

Councilman Young offered the following resolution which was seconded by Councilman Menendez.

BE IT RESOLVED, That the bid for parts for Caterpillar Grader Model 12, received from H. O. Penn Machinery Co., Inc., 1561 Stewart Avenue, Westbury, N. Y. 11590, be and the same is hereby rejected.

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

Councilwoman Tomlinson offered the following resolution which was seconded by Councilman Lombardi.

WHEREAS, It has come to the Town Board's attention that Section 400 of the Penal Law of the State of New York indicates with reference to pistol permit license fees, that "the licensing officer shall collect and pay into the County Treasury the following fee; for each license to carry or possess a pistol or revolver, not less than Three and 00/100 (\$3.00) Dollars, not more than Five and 00/100 (\$5.00) Dollars", and

WHEREAS, A resolution was passed by the Town Board of the Town of Riverhead on April 6, 1976, establishing "a license fee for the processing of pistol license applications of Ten and 00/100 (\$10.00) Dollars per application",

NOW, THEREFORE, BE IT RESOLVED, That the aforementioned resolution, dated April 6, 1976, be and the same hereby is, rescinded.

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Abstaining, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

Councilman Lombardi offered the following resolution which was seconded by Councilwoman Tomlinson.

RESOLVED, That the price of the Riverhead Code Book, now available with the Town Clerk, is hereby set at the sum of Fifty and 00/100 (\$50.00) Dollars.

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

Supervisor Smith stated that the subscription rate for the supplements to the Code Book has not yet been established, but will be, sometime during the year.

RESOLUTIONS

Councilman Lombardi offered the following resolution which was seconded by Councilwoman Tomlinson.

RESOLVED, That Highway bills submitted on abstract dated Oct. 5th, 1976, as follows:

General Repairs Item 1: Mobil Oil Corporation, bills dated Sept. 7, 13, 20 and 27, 1976 totalling \$1,235.56; and Frank J. Smith, bill dated Sept. 17, 1976 for \$718.00; be and the same are hereby approved for payment.

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

Councilman Lombardi offered the following resolution which was seconded by Councilwoman Tomlinson.

RESOLVED, That the Town Clerk of the Town of Riverhead is hereby authorized to advertise for sealed bids on Two (2) New Hydraulic Spreaders for use of the Town of Riverhead Highway Department, and be it

RESOLVED, That specifications be prepared by the Superintendent of Highways, and bids to be returnable up to 11:00 A. M., on Monday, October 18, 1976, and be it further

RESOLVED, That the Town Clerk be and hereby is designated to open publicly and read aloud on Monday, October 18, 1976 at 11:00 A. M., at the Town Clerk's Office, Town Hall, 200 Howell Avenue, Riverhead, New York, all sealed bids bearing the designation, "Bid on Hydraulic Spreaders."

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

Councilwoman Tomlinson offered the following resolution which was seconded by Councilman Lombardi.

BE IT RESOLVED, That the Chairman and Members of the Zoning Board of Appeals and the Chairman and Members of the Planning Board be and are hereby authorized to attend the New York Planning Federation Annual Institute on Oct. 10th, 11th and 12th, 1976, at Kutsher's Country Club, Monticello, New York, and that all necessary expenses incurred thereto be paid.

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

The resolution was thereupon declared duly adopted.

Councilman Menendez offered the following resolution which was seconded by Councilman Young.

BE IT RESOLVED, That Police Officer John C. Seaman be and is hereby authorized to attend Supervisor School at the Nassau Police Academy from Oct. 4th, 1976 to Oct. 21st, 1976, and that all related expenses be paid by the Town of Riverhead.

RESOLUTIONS - continued:

The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.

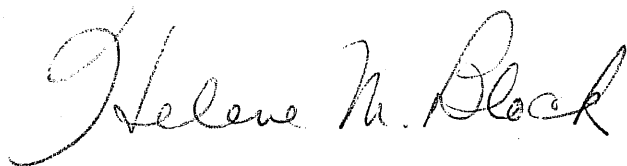

The resolution was thereupon declared duly adopted.

Councilman Menendez offered the following resolution which was seconded by Councilman Young.

BE IT RESOLVED, That the Riverhead Police Department be authorized to adopt the following changes in the Rules and Regulations, Article XII, Chemical Test C, Breathalyzer, to update police procedures:

- Rule #4 Change Model 900 to 900Z, manufactures by Smith and Wesson Electronics Corp.
- Rule #6 Change the word Equalibrator to Simulator.
- Rule #7 Change "approved and certified by the Suffolk County Police Laboratory Section and as approved by the Chief of Police" to read "approved and certified by the New York State Department of Health and as approved by the Chief of Police".
- Rule #8 After the word "view" on Line #1, insert "checks his or her mouth for foreign objects".
- Rule #10 After the word "same" on Line #2, change "original copy of the Police Lab Form (PL-4), " to read "to the original copy of the Breathalyzer Operational Check List (PDTR-10)". On the last line change "PL-4" to "PDTR-10" without parentheses.
- Rule #11 11(d) - Insert the words after "when red light appears" wait until Readlight illuminates. Delete "wait 90 seconds or more".
- 11(f) - Insert the words after "when red light appears" wait until Readlight illuminates. Delete "wait 90 seconds or more".
- 11(h) - Change the word Equalibrator to Simulator.
- 11(d) - Change Galvanometer Needle to Null Meter Needle.
- Rule #13 After the word "signatures" add on the designated line of the Breathalyzer Operational Check List (PDTR-10).
- The vote, Lombardi, Yes, Tomlinson, Yes, Menendez, Yes, Young, Yes, and Smith, Yes.
- The resolution was thereupon declared duly adopted.

There being no further business on motion and vote, the Meeting adjourned at 10:40 P.M. to meet on Tuesday, October 19, 1976, at 7:30 P.M.

Helene M. Block, Town Clerk
